I. Abstract

This collection of information involves ten miscellaneous activities described in Sections 744.15(b), Part 744 Supplement No. 7, paragraph (d), § 748.4 and Part 758 of the EAR that are associated with the export of items controlled by the Department of Commerce. Most of these activities do not involve submission of documents to the BIS but instead involve exchange of documents among parties in the export transaction to ensure that each party understands its obligations under U.S. law. Others involve writing certain export control statements on shipping documents or reporting unforeseen changes in shipping and disposition of exported commodities. These activities are needed by the Office of Export Enforcement and the U.S. Customs Service (Customs) to document export transactions, enforce the EAR and protect the National Security of the United States.
